

Color Inspires Creativity

With custom shapes and colors, Elgin Butler Architectural Products are an ideal option for innovative school designers. Design walls, build structures, create accents—all with the ceramic glazed surface of Structural Glazed Brick and Tile. Elgin products are perfect for

educational facilities because they will never fade or deteriorate, eliminating the need for repainting or routine maintenance. Build your design with creativity and color—and rest assured that your design will **last a lifetime.**

COMBINE COLORS AND SHAPES FOR A UNIQUE DESIGN.
